DRUM FERRITE CORE COILS

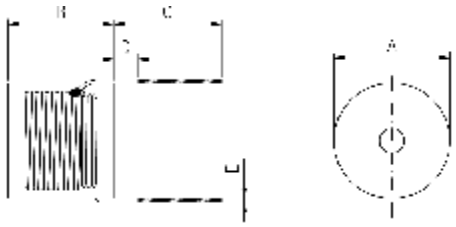
FEATURE

- Winding on Extremely big size cores which can produce high inductance value, Ideal for frequency divider.
- Different materials and different sizes are available.

APPLICATIONS

- Mostly used in Speaker Box.

CD



MODEL	Dimensions (mm)				
	A ± 1	B± 0.8	C	D	E
CD40	40.0	25.0	According to customer's requirement.		
CD37	37.5	28.0			
CD35	35.0	26.0			
CD30	30.0	25.5			
CD22	22.0	19.0			

FEATURES

- **Multi-Medium or small current applicable**

USES

- **VTR, TV, TOYS**

SPECIFICATION

1. Inductance
2. Operating Frequency
3. Inductance Tolerance
